## Thakur P.G. College of Education at a Glance

Thakur P.G. College of Education, Dhaliara was established in 2007 with the main objective to spread the benefit of modern education in Humanities, Science and Education amongst the people of Himachal Pradesh. The avowed aim of its founding father was the eradication of ignorance, illiteracy and social evils bedeviling the Indian society through enlightened, progressive and value oriented education. A galaxy of distinguished citizens, eminent educationists and noted celebrities and many more worked with rare distinction humility, dedication and missionary spirit to raise Thakur College to the present status of a premier educational institution. The College campus covers an area of over 300 acres and provides latest facilities for higher education. The College is taking lead in starting new courses in Agriculture, Veterinary, Humanities and Sciences up to post graduate levels. Presently, the college offering Master degree courses in Physics, Chemistry, Zoology, Mathematics, Commerce, Botany and M.Ed. Graduate classes in Education along with the diploma in Veterinary Sciences.

## About Department of Physics

The Post Graduate Department of Physics upholds the tradition of exploring new frontiers of knowledge in 21<sup>st</sup> Century. It has the honor to be one of the recognized Science departments of the region. The department houses well equipped Laboratories of Condensed Matter Physics, Electronics, Spectroscopy, Optics, Mechanics, Electricity & Magnetism and Computers. The research facilities in the areas of theoretical physics, bioactive glasses, plasma, radiation physics, material science and thin film sensors is also under pipeline.

## Aims & Objectives

The conference would provide a glimpse of recent Advances in Sciences. The major aim of the event is to provide an opportunity to the students and teachers to acquaint themselves about emerging trends and ongoing recent developments in the field of sciences by the distinguished galaxy of Scientists and Researches.
